

Getting started with Citrix Virtual Apps and Desktops Standard for Azure

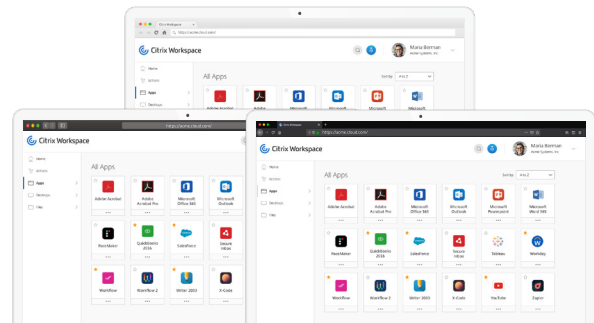

There are 2 ways to access your apps and desktops:

1 Through Citrix Workspace app:

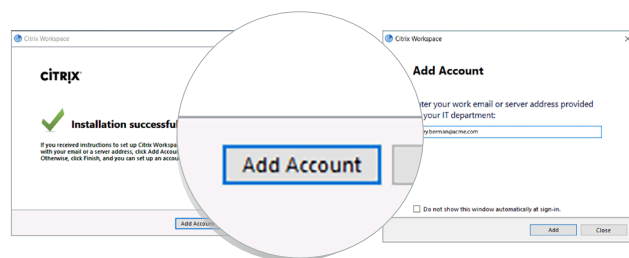

Go to citrix.com/downloads/workspace-app, choose your version, and follow the installation prompts.
 Note: If you have Windows, you'll need to run the file as an administrator.

2 Through any browser:

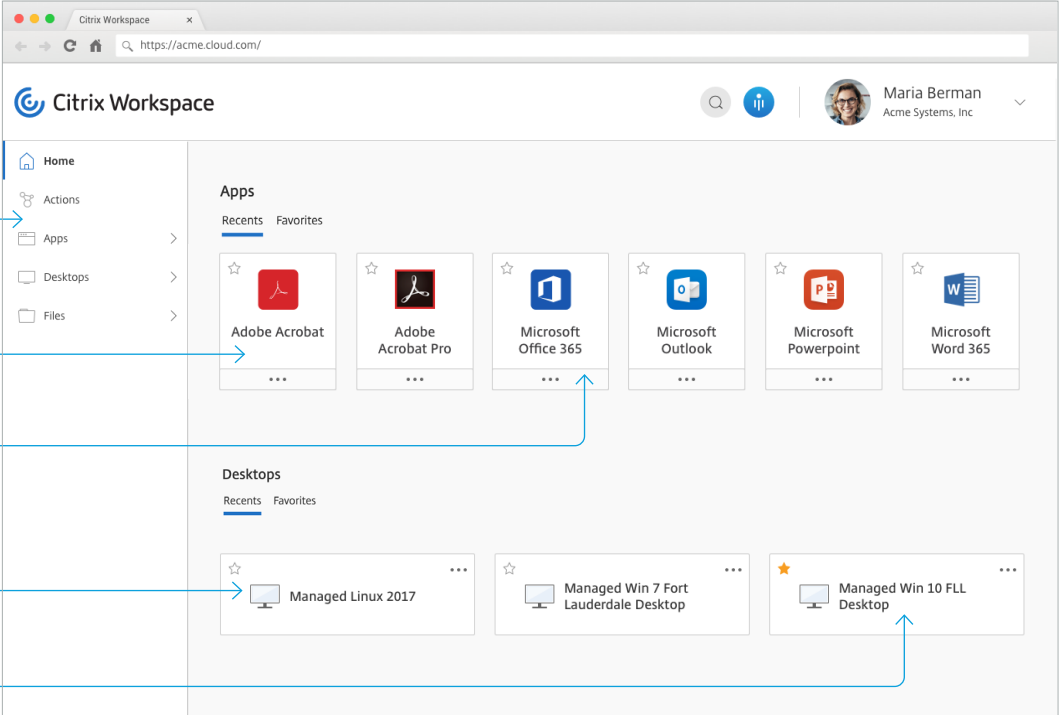

Simply go to your workspace URL (for example: <https://companyX.cloud.com>), and sign in to your account.

Click **Add Account**, and then enter your workspace URL (for example: <https://companyX.cloud.com>) or corporate email address, and click **Add**.

What to expect once you sign in

The screenshot shows the Citrix Workspace web interface. The top navigation bar includes the Citrix logo, a search icon, a user profile icon for Maria Berman (Acme Systems, Inc.), and a dropdown arrow. The left sidebar contains navigation options: Home, Actions, Apps, Desktops, and Files. The main content area is divided into two sections: 'Apps' and 'Desktops'. The 'Apps' section has tabs for 'Recents' and 'Favorites', displaying a row of application tiles: Adobe Acrobat, Adobe Acrobat Pro, Microsoft Office 365, Microsoft Outlook, Microsoft Powerpoint, and Microsoft Word 365. The 'Desktops' section also has 'Recents' and 'Favorites' tabs, displaying three desktop tiles: Managed Linux 2017, Managed Win 7 Fort Lauderdale Desktop, and Managed Win 10 FLL Desktop. Blue arrows point from text annotations on the left to specific elements in the interface.

Available applications and desktops will appear here.

All your recent apps will appear here.

Click an app to open it.

Click to launch your desktop.

Star an app or desktop to make it a favorite.

Now you're ready to start getting work done your way.
