Configuring Contactzilla

Configuring Contactzilla for single sign-on (SSO) enables the administrators to manage users of Citrix ADC. Users can securely log on to Contactzilla by using the enterprise credentials.

Prerequisite

Browser Requirements: Internet Explorer 11 and above

To configure Contactzilla for SSO by using SAML:

1. In a browser, type https://hq.contactzilla.com and press **Enter**.

2. Type your Contactzilla admin account credentials (**Email** and **Password**) and click **LOGIN.**
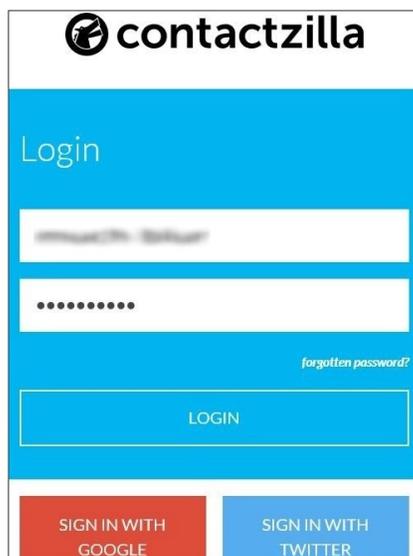

3. In the user profile menu that is present at the top-right corner of the screen, click **Settings** from the drop-down menu**.**
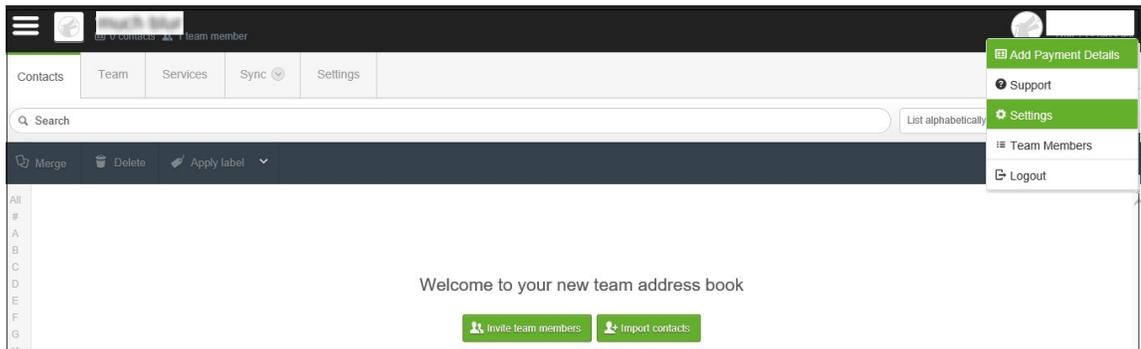

4. In the **Settings** screen, under **Account**, click **Change your Single Sign-On credentials**.
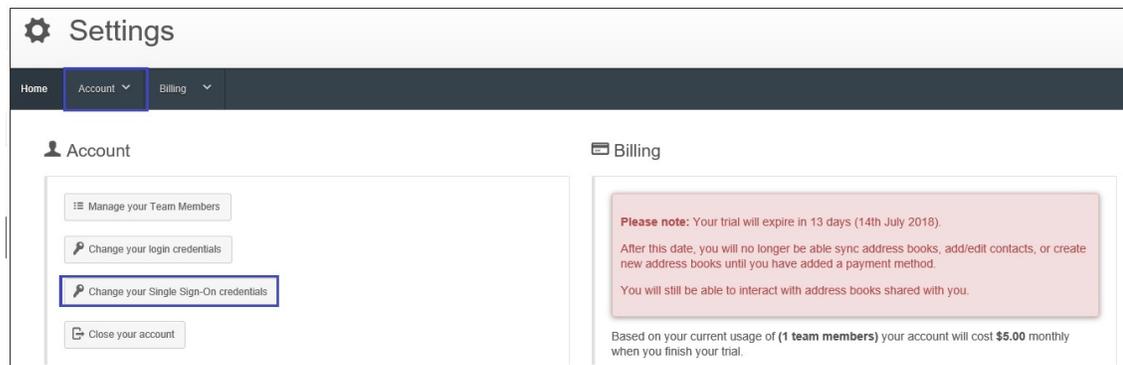

5. In the **Single Sign-On Settings** page, enter the values for the following fields:

Field name	Description
Issuer URL	IdP URL
Single Sign On URL	IdP logon URL
Single Logout URL	Landing page URL
X.509 Certificate	Copy and paste the IdP certificate. The IdP certificate must begin and end with - - - - -Begin Certificate- - - - - and - - - - -End Certificate- - - - - **Note:** The IdP certificate is provided by Citrix and can be accessed from the link below: https://ssb4.mgmt.netscalergatewaydev.net/idp/saml/templatetest/idp_metadata.xml

6. Finally, click **Save Changes**.
   Note: The following message appears: **Your sign in settings have been updated**.
