# Configure New Edge for Single Sign-On

Configuring New Edge for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on to New Edge by using the enterprise credentials.

Prerequisite

Browser Requirements: Internet Explorer 11 and above

To configure New Edge for SSO by using SAML:

1. In a browser, type https://<customer_domain>.newedge.io/admins/sign_in and press **Enter**.

2. Type your New Edge admin account credentials (**email** and **password**) and click **Sign in with email and password**.
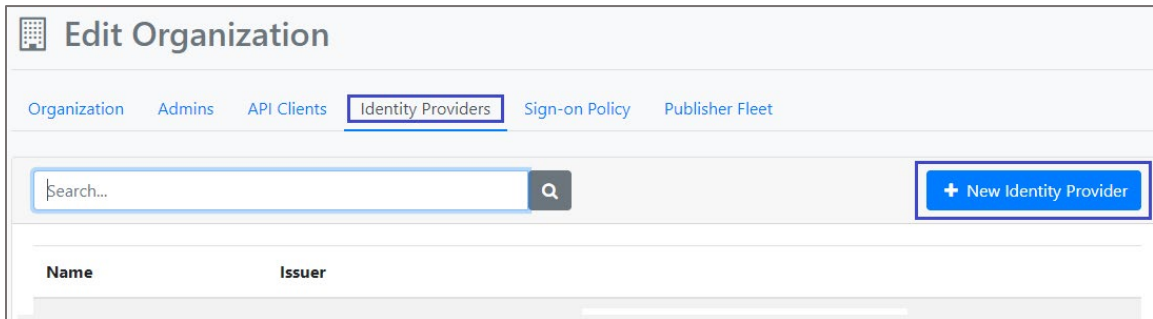

3. In the dashboard page, click the username in the top-right corner and select **Organization**.

4. In the **Edit Organization** page, click the **Identity Providers** tab and click **+ New Identity Provider**.

5. In the **Edit Identity Provider** page, enter the values for the following fields:

Required Information	Description
Name*	NetScaler
Single Sign-On URL*	IdP logon URL
Identity Provider Issuer*	Entity ID
X.509 Certificate*	Copy and paste the IdP certificate. The IdP certificate must begin and end with - - - - -Begin Certificate- - - - - and - - - - -End Certificate- - - - - **Note:** The IdP metadata is provided by Citrix and can be accessed from the link below. The link is displayed while configuring SSO settings for your app. https://gateway.cloud.com/idp/saml/<citrixcloudcust_id>/<app_id>/idp_metadata.xml

6. Finally, click **Save Identity Provider**.
