

Configure Salsify for Single Sign-On

Configuring Salsify for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on to Salsify by using the enterprise credentials.

Prerequisite

Browser Requirements: Internet Explorer 11 and above

To configure Salsify for SSO by using SAML:

1. In a browser, type https://app.salsify.com/users/sign_in and press **Enter**.
2. Type your Salsify admin account credentials (**Email** and **Password**) and click **Log In**.

3. To enable and configure SSO, the user must contact Salsify support team and provide them with the following:

Required Information	Description
Identity Provider URL	IdP logon URL
Certificate fingerprint	SHA256
Issuer	Issuer URL

Note: The support team will configure the SP from the backend.
